ST. EDWARD'S, KING AND CONFESSOR

We recognize Saint Edward, King and Confessor, during the celebration of the 900th anniversary of the foundation of Westminster Abbey by our patron saint on Holy Innocents' Day, 1065. Father Edward Sorin, founder of Notre Dame and St. Edward's Universities, held King Edward as his patron saint. Blue and gold, the royal colors of the king, are the colors held dear by the two educational institutions.

Ceremonies marking the 900th anniversary of the consecration of Westminster Abbey and the death of Saint Edward were held in London in January, 1966. According to records, Edward was a religious man and strong in a country threatened by invasion. He maintained peace and lowered taxes. His piety and monastic life won for him the title of the Confessor, bestowed on him by Pope Alexander III when King Edward was canonized in 1161.

The death of Saint Edward is commemorated on October 13, his feast day. This day has been celebrated at Saint Edward's University since the founding of our university in 1871, Austin, Texas.

and Sixty - six

The most immediate and important ingredient of the university is the individual who lives within the academic community. But there is something more elemental that gives an educational institution its personality and continuity, that tradition so indefinable and undeniable.

Whether education can be both formal and liberal may be subject to some controversy. There will always be conflict between personal development and institutional regimentation, but the fact that more and more people enroll in colleges evidences the value of higher education.

Education implies some element of the delicate. Each man is responsible yet his responsibility can be fulfilled only among his fellow men. The university must provide some framework to balance individual, interpersonal, and communal interests.

Growth is the product of assimilation, learning of interchange, in the constant traffic of life that is somehow integrated with all its richness and simplicity.

Life will not be limited by the exclusively academic; there are too many levels of human experience, and too many experiences that transcend mere understanding.

By the nature of its goal the university accentuates the formal aspects of the learning process, aspects that assume many forms relative to the needs of the individual discipline and those who pursue it.

Within the structured educational system there are many-formed processes of evaluation. Even after the names and titles and dates and themes are gone, the numerical and alphabetical scores remain.

The disciplines that are acquired through the efforts of education have some further goal than that of the university that fosters them. Education always reaches beyond its formal bounds and touches the world around it.

THE SEU REVIEW, successor to THE ST. EDWARD'S UNIVERSITY BOOK
JOCKEY, is a quarterly journal of writings in all scholarly
disciplines by the faculty, students, and other persons asso-
ciated with St. Edward's University.

ST. EDWARD'S UNIVERSITY
October #

When so much of learning is assimilation and memory, there is a distinct place for those studies that involve the making of something with the hand and through the power of the eye. The necessity for some internal disposition and discipline blended with the practice and abstract principle lends uniqueness to the creative arts.

The classroom, the lab, the bottles and tubes and tools of education form a background and a means for the trying business of learning. It is men who struggle to learn about themselves and the cosmos that is their situation. All the physical things so immediate and so real are the objects that are opened by this science.

SPEAKERS PROGRAM

OCTOBER—ARCHIBALD LEWIS

In conjunction with the program of European studies, Doctor Archibald Lewis from the University of Texas addressed students and faculty on that period of western history when the Church reached what is generally considered its apogee of power. He contrasted the figures of Pope Innocent III and St. Francis of Assisi emphasizing the great dissimilarity between the pomp and force of the papacy and the simple, literal Christianity of Francis. His study of power and the obvious reaction of the saint was balanced, scholarly, and forceful.

NOVEMBER—RUSSELL KIRK

St. Edward's has traditionally been committed to the mode of liberalism generally characteristic of American Catholicism—surely a circumspect liberalism but just as surely tending to the left. The articulate and energetic statement for *The Future of American Conservatism* given by Russell Kirk engendered a lengthy controversy. His polished, somewhat aristocratic manner lent weight to his political beliefs. Dr. Kirk's scholarly historical approach to current political and economic problems presented a real challenge for the more popular liberalism of our times.

FEBRUARY—ROBERT M. BROWN

The other side of ecumenism, the viewpoint of our Protestant brethren, could hardly be presented by a more polished and informed spokesman than theologian Robert McAfee Brown. His informal afternoon lecture dealt with a broad range of problems facing Christendom in our epoch. He drew from his considerable knowledge of the heritage common to all Christian creeds, from his experience as a Protestant observer at the Vatican Council, and from his work in social reform, particularly the recent grape workers' strike in California. Mr. Brown made no prediction for church unity in the near future, but he presented an approach to greater mutual understanding and some principles of reform for all Christian sects.

MARCH—BISHOP McGRATH

As a Latin American representative to Vatican II, Bishop Mark McGrath was influential in the authorship of the most definitive official statement of religious responsibility in social reform in the history of Catholicism. His lecture was a well worded and forcefully gestured statement of the problems in his native Panama and in all the World's underdeveloped nations. He presented the principles of a Christian approach to international social, economic, and political dilemmas.

MARCH—HANS THORELLI

In the Soviet Union management is basically supplier-orientated; the United States is primarily customer-orientated. Doctor Hans Thorelli lectured on the implications that can be drawn from these divergent principles of production. He explained how the Russian Central Committee frequently sets unrealistic production quotas that are left to the initiative of managerial structures to implement. Our own supply-demand system operates, if at times inefficiently, more practically in the production and distribution of consumer goods. The lecture on comparative managerial systems was highly informative despite its somewhat nationalistic character.

A voice that has been heard from podiums and street corners and conference tables and dinner tables, through the written word and by publishing it, this voice with a British accent, aged and tempered, spontaneous and sometimes measured, the voice of Mrs. Maisie Ward Sheed was heard at St. Edward's, heard at a lecture, in an informal gathering, in conversation, and the voice that was given tone, depth, and immediacy by the vibrance of this personality. Maisie Ward talked about The Intellectual Apostolate and so much more: the problem of housing in Great Britain, Catholicism in Poland, her study of Browning, farming in Australia, the humor of Chesterton, campus rebellion, ecumenism, Spring Fever—the power of her thought and of her ideas moved hearts and minds.

DRAMA

Maxwell Anderson's three act neo-Shakespearean tragedy, *Winter-set*, was staged in-the-somewhat-round at The Tombs in December. An updating re-write, a tight arrangement of the audience, the use of faculty members as actors, and the expert direction of Mr. Edward Mangum contributed to a highly successful presentation of the verse play. The seventy-five years of the performing arts at St. Edward's were met and augmented by this fine contemporized production.

*NOVA
COR
SEMINAR*

It is the aim of the Nova Cor retreat to stimulate an experience in Christian family living during a less-than-three-day program of conferences, lectures, and liturgical services. The movement was founded as an effort to combat a genuinely Christian problem—the tendency to relegate faith to the intellectual realm or to feminized pseudo-spirituality. The partial success of the movement witnesses its worth.

Life as it is experienced in the university is often distantly abstracted from the exigencies of American social problems. There are, however, opportunities for men to leave the relative safety of the academic atmosphere and to apply their energies in remedial work among the underprivileged. This is no act of pure altruism, nor is it some contrived practice of platitudinous religion; this is frank and simple experience in social responsibility. But then, it might be rash to deny that there is some measure of altruism in CCD.

*CONFRATERNITY OF
CHRISTIAN DOCTRINE*

THE HILLTOPPER

THE HILLTOPPER

The Hilltopper is published weekly during the academic year at St. Edward's University, an institution of higher learning conducted by the Brothers of Holy Cross (CSC). Opinions expressed herein are those of the student editors, and not necessarily those of the University as a whole. The Hilltopper is a member of the Associated Collegiate Press.

Editor-in-Chief	Bill Roberts
Managing Editor	Dave Gaffney
News Editor	Gary L. Cooper
Sports Editor	Gary Gadacz
Copy Editor	Ray Smilor
Circulation Manager	Tim Rask
News Staff	Pat DeBlanc, Jim Harrigan, Tim Dunphy, Larry Gries, Tom Lanphear, Mike Cinal, Jim Cummings
Feature Staff	René Martinez, Mike Delaney, John McCann
Sports Staff	John Ball, Dave Ball, Gordon Butler, Don Pilger, Ted Janek
Contributor	Krandall Kraus
Faculty Advisor	Brother William Denton, CSC

In the academic year 1965-1966, the HILLTOPPER expanded its editorial board and staff in order to bring news, features, and sports coverage to the entire student body. The HILLTOPPER was off to an exciting start taking a more active role in student politics, adding pages to weekly issues, revamping its advertising program, and providing more depth to news and feature stories. The HILLTOPPER under the direction of editor-in-chief, Bill Roberts, was characterized by its efforts to bring responsible journalism to the campus. It also brought an opportunity for the free expression of student talent and opinion.

Krandall Kraus' "Olives and Ice Cream" added spice to Friday night readers, and the Candid Cuckoo drew eyes and detectives who tried desperately to identify this candid bird.

The 1966 HILLTOPPER made two important contributions to the communications media on campus. The Letters-to-the-Editor column brought new freedom and interest to the expression of student opinion, and the news coverage made the HILLTOPPER a controversial and powerful source for student responsibility.

Next Fall's HILLTOPPER will be the twentieth year for the publication and will be under the able guidance of Richard McIntyre. However due to a new ruling on the tenure of student editorship a new editor will be selected in November and will edit the HILLTOPPER from January to January.

1000 KILOCYCLES

KSEU radio received the goahead to broadcast for the Spring semester under the guidance of Colonel Ralph Pearson. Broadcasting commenced on March 14, 1966 and programming was limited to one hour. Carlos Patterson was the station manager and program director. He selected five announcers, one each night of the week. Corky Gray, Bill Musgrave, Al Michalczak, Jim Striegel, and Ray Aldrete emceed the programs, relating campus news, election coverage, and interviewing.

KSEU has become a reality due to the efforts of Brother Edmund Hunt CSC who laid the ground work last year. Brother Robert Moody, CSC, Brother Joseph Youhouse, CSC, John Beach, Tom Eilenstein and Bill Musgrave worked on the transmitter and prepared the radio shack for use.

The radio station is certainly an asset to St. Edward's as education and modes of communication on the college level expand to meet the needs of inquisitive Edsmen.

The chief aim of the Academy of Science is to stimulate scientific research and to promote interest in science and science education. The officers and members of the Academy were very successful in this endeavor. On Monday February 15, Dr. Gilbert Heigt, professor of inorganic chemistry at Texas A&M University was invited to speak to the Academy and all interested Edsmen were cordially invited. While visiting the campus, Dr. Heigt interviewed prospective graduate students, toured the chemistry facilities, and lectured to several chemistry classes with graphic demonstrations of Arrhenius' theory of ionization.

Dave Uhlik, President of the Academy of Science and his cohorts decided that the problem of cancer as related to smoking might be an interesting lecture for the benefit of both the science students and other concerned Edsmen. Thus on March 9, a representative from the American Society explained the issue in a program entitled "Is Smoking Worth It?"

Scientists value information received from lectures but nothing beats experience or practical application. So rather than listen to a lecture about space technology or read literature about the race in space, twenty-five members of the Academy of Science and their advisor, Mr. Julius Kroschewsky, packed a lunch and went to Houston to tour the Manned Spacecraft center at Houston.

ACADEMY OF SCIENCE

Members saw astronaut training sight where full scale maneuvers are performed with actual mock-up spacecraft piloted by trainees. The central control room was open to St. Edward's scientists. They watched the control board which trains actual flights through space.

In the offing, the Academy plans another trip and lectures. In the final analysis, the St. Edward's Academy of Science is A-OK.

Officers: l-r: Bill Wright, Secretary; Richard Russ, Treasurer; Pat Davis, Vice-President; and Dave Uhlik, President.

In all this conglomeration of ideas and emotions, of buildings and books, glass and cloth, the hands and faces, of all the sounds and colors and smells and seasons of education, there is always the unquestionable presence—the man who makes his mysterious contribution and in time takes his leave.

BROTHER PETER VUKMANIC,
C.S.C., M.S.

MEXICO PROJECT

Seven Edsmen spent last summer in the interior of Mexico. In September the group returned richer by far than before although they had spent the \$1,500 raised for the trip and their trusty "jungle monster" had proved to be not so trusty.

Rene Greenwald, John and Jim Barajas, Tom Frank, Tony Garza, Doug Sutherland, and Weldon Mikulik began their pioneer trek in early June as volunteers affiliated with CIASP, Congress of Inter-American Student Projects. They were well briefed in historical, geographical, socio-economical and cultural conditions.

The SEU Ambassadors were welcomed warmly... they built a church, they left their commentary, and gave a notable impression to the natives.

This summer's group will be able to continue where their predecessors stopped. For them too it should be a "summer affair" with encounter and involvement, something better to do.

TO THE MEMBERS OF SEU TSEA

Our TSEA chapter is dedicated to a profession of fundamental importance to the continuing development of the American citizen.

In this sense we are made to realize that teaching demands the service of those persons ideally suited to be emulated and to an even greater extent respected. A close scrutiny of our SEU TSEA chapter clearly shows that the need for such teachers will be met.

TSEA should strive to professionalize the teaching field. Its importance lies in the fact that teachers, in a manner of speaking, are in a manner of speaking, creators of personalities. They guide students to maturity and understanding, curiosity and knowledge. These goals must be the products of a teacher's work. If they are not accomplished (and oftentimes a teacher never sees the product of his work, as Brother Charles Andersen, CSC noted at the first SEU TSEA meeting) teaching is of no avail.

TSEA's fundamental purpose is to aid in the training and development of the future teacher, to make him aware of the values by which a teacher be judged and the values by which the teacher must judge himself. Any defect may be a deterrent to the proper development of the student.

TSEA must have as its ultimate purpose — to make us aware of the importance and complexity of the profession for which we are striving.

With the acceptance of Maryhill College into our SEU chapter of TSEA, I'm sure we will assume a noted responsibility that will profit us an even greater dignity and respect.

— Bill Sanchez, Pres.

TEXAS STUDENT EDUCATION ASSOCIATION

Changing

St. Edward's

... the beginning of a new era in the growth of St. Edward's University.

Recently, a new master plan of growth has been completed to guide the future of St. Edward's. A woman's college has been planned to begin in the fall of 1966 as a co-ordinate college with St. Edward's. The Sister Servants of Divine Providence have been chosen as administrators.

The changing face of SEU is evident. Bulldozers plough busily, shaping earth to fit blueprint specifications. Brick layers move with vigor to meet the September deadline for the science building, the woman's dormitory, and the provincial administration. Even the long awaited baseball field is being readied for next year.

In spite of these drastic changes, the Tower atop the main building remains silent. It remains the symbol of truth for Edsmen and will for "Eds-women" as it has since its basic construction in 1886.

Ninety Years of Tradition...

The science building will be three stories. It is of the most modern architecture and will meet growing demands. The high school will leave the main building it has occupied for seventy years to make room for administration offices and class rooms.

The woman's dorm will overlook the athletic fields and the Colorado River valley. Total enrollment for Maryhill will be around two hundred but the total St. Edward's enrollment will soar well over the one-thousand mark.

MARYHILL COLLEGE IN THE OFFING

The members of the visiting Committee of the Southern Association of Schools and Colleges arrived on the campus on Sunday February 16, 1966 and stayed until February 19, 1966. The officials of St. Edward's met the Committee at the airport and did everything possible to make them comfortable. The administration demonstrated great objectivity and complete sincerity in their efforts to acquaint the Visiting Committee with St. Edward's and to make available every record, report, or document which would add to the Committee's understanding of the university.

The members of the Committee were unanimous in their praise of St. Edward's for the spirit of friendliness so evident among faculty, staff, and students; for the atmosphere of challenge, hope, and high expectations reflected in the Self-Study report; and for the courage of those who would extend the influence of St. Edward's by adding a co-ordinate woman's college.

Sister Ann Virginia arrived at St. Edward's on January 23, 1966 to supervise the co-ordinate program in behalf of the Sister Servants of the Immaculate Heart of Mary. She is the Dean of Admissions of Maryhill College as well as one of the pioneer faculty members.

IN

BROTHER WILLIAM MANG, C.S.C., Ph.D.

Funeral services for Brother William Mang, C.S.C., who was chairman of the Division of Teacher Education were held Friday, April 29, 1966. Brother William, whose baptismal name was Vincent Aloysius, was a native of Massillon, Ohio, where he was born June 14, 1896. Brother had celebrated his 50th anniversary with C.S.C. on June 21, 1964. The late educator came to St. Edward's in 1956 as professor of education later becoming the chairman of the Division.

Before coming to St. Edward's, Brother served on the Council of the Midwest Province at Notre Dame, Indiana. Brother William was educated at Notre Dame University and the University of Chicago. He graduated magna cum laude from Notre Dame, receiving Litt. B. and M.A. degrees. He received his Ph.D. at Chicago.

Brother William was one of the most respected authorities in education circles throughout the country. St. Edward's and education will long be grateful for his many contributions.

BROTHER WILLIAM REDMOND, C.S.C.

On Easter Monday evening, Brother William was on his way to get a cup of coffee at the Pig Stand Restaurant. The next day he was suffering from head injuries acquired the night before in the auto-pedestrian accident. Brother fought for strength but succumbed to the injuries the following Wednesday, April the 20th, 1966.

Brother was a student at St. Edward's studying English. Brother William was a member of the Eastern Province and needed one semester before he would receive his degree. Buffalo, New York was his home where he graduated from Bishop Timon High School in 1953. Brother William was the son of Mr. and Mrs. William Redmond of Buffalo.

MEMORIAM

*Rest in
Peace*

It all began this year when the new head coach, Joe Beck, took over the position Ed Norris had handled since 1947. Coach Norris had had but two losing seasons during that period and had won two conference championships while tying for the title three times. In 1948-49 the Hill-toppers under Coach Norris chalked up the most successful season in the history of St. Edward's. Most of the players were freshmen yet the Edsmen won 19 and lost but three as the team was

team manager . . . unsung contributor in a team effort

team trainer

uniform . . . the University badge

more than a coach . . .

Knee Care

invited to the National Tournament in Denver, Colorado. Coach Norris coached Mr. Beck from 1954 to 1958. Mr. Beck was named to the Small College All-American team in 1957.

Mr. Beck announced that workouts would begin early last September, and as usual all Edsmen were invited to tryout. Seven lettermen returned to last season's third place Big State Conference St. Edward's. Dan DeGuire as team manager. Coach's recruiting efforts proved worth-

The all important shoe

Just one more sock

while as he landed promising athletes. Carl Stephen, junior, is a transfer from Cisco Junior College in Pennsylvania. Tom Berry of Miami, Florida was the real surprise package. His height came in very handy for rebounding. Mike Jensen, whose Dad played on the Last Crusade football team at St. Ed's, was also height much needed. Johnny Wells from Cleveland, Ohio handled the ball well and was the speed man at guard.

These four promising recruits plus All-Conference Mike Otolski of South Bend, Indiana, John Walls of Houston, and Mike Canfield of Mishawaka, Indiana provided the shooting talent, while Jeff Burns of Houston, Jack Tanny, from Albuquerque, New Mexico and George Grzegorek of South Bend provided the outstanding defense.

One boast of Coach's team is that the squad represented seven states. Another and more noteworthy boast was the team desire to win. From the time the team commenced the three mile conditioning run in the hot Texas sun until the final whistle blew ending a winning campaign, the Hilltoppers one and all poured out their full effort.

Coach Hamilton, Athletic Director, arranged a Freshman schedule to develop the young Edsman. In the opener, Tom Berry and John Wells teamed-up to beat Kelly Air Force Base soundly 85-63. But when the Frosh met St. Phillips College the tables were turned even though Tom Berry sunk 23 points. It was a heartbreaker when with 23 seconds to play, the Hilltoppers lost the ball and the game. The Tigers scored two points to overcome a 80-79 deficit and win 81-80. Over all the Frosh won seven and lost three which indicates that a strong future will be for the improving Edsmen.

When the Varsity took to the hard wood, opponents began to wonder who made their schedules and Hilltopper backers began to take medications for ulcers. The Blue and Gold prevailed in a hot game at Stephenville. The Texans of Tarleton State had their home debut ruined by a 73-69 margin. John Walls tallied 20 points and followed with 18 as the visitors won.

But when the two quintets re-matched three days later in Austin, the Texans spoiled the Edsmen home opener to the tune of 48-45. It was close but no cigar for the Home team even though "Buzzard" Walls hit 16 points.

The Edsmen got back on the winning skien when the Huskies of Houston Baptist were outbarked by Otolski and crew by a mere four points. It was an overtime match that saw the lead swap a number of times. Carl Stepien saved the Toppers as he sunk a two pointer as the buzzer sounded to put the game in overtime. George Grzegorek provided the winning baskets.

In the Conference opener, the Austinites won another squeaker over the Pirates of Southwestern University, 59-57. Mike Canfield scored 18.

and the game

fast and furious

CORPUS CHRISTI UNIVERSITY

On December 11, 1965 there was another exciting game for the Goats. Undefeated Corpus Christi University came to Memorial Gymnasium. They left discouraged, tired, and defeated to the Hilltoppers who boosted their over all record to 4-1. Mike Otolski came into the contest with a bad back and promptly scored ten points in a game close all the way. The final score, 78-72.

ST. THOMAS UNIVERSITY

When the Warriors of St. Thomas came to Austin December 15th, they had planned on having a nice Christmas. Mike Otolski, John Walls, Mike Canfield and George Grzegorek all hit double figures as the Edsmen rolled past STU 85-57.

PAN AMERICAN TOURNAMENT

St. Edward's got off to a fine start by defeating Eastern Illinois University 69-66 but were cooled by Pan American College 87-66. In their play-off for third place, St. Edward's lost to arch-rival St. Mary's 68-55. The Hilltoppers were honored to be listed as number 22 nationally defensively by the NAIA.

rough and tumble

up and down

a struggle

and shoot

shoot

MEXICAN OLYMPIC TEAM

The Edsmen made a good showing against the Mexican Olympians who were touring the United States. They had a tough time with the strong defense of Carl Step-pien, George Grzegorek, John Walls, and Jeff Burns. The final score showed 85-77, but these same Olympians went on to defeat the University of Missouri, who finished third

The second time SEU met Corpus Christi, the Tar-porns halted a last minute scoring spree and the Edsmen 89-80.

TEXAS LUTHERAN COLLEGE

St. Edward's defeated Texas Lutheran's Bulldogs on both outings this season. The first game was televised in the Austin area over station KHFI. The Edsmen pleased Austin viewers by beating TLC 76-69 as the big three, Otolski, Canfield, and Walls hit double figures. The second game in Seguin also ended in victory 73-67.

ST. MARY'S UNIVERSITY

The Rattlers dribbled their ball to Aus-tin after rampaging the campus the night before and defeated the Edsmen 60-47. Otolski took game scoring honors with 22 but the Edsmen could not handle the 6-6 average height of the San Antonio team.

St. Ed's split a road trip series to Hous-ton. A last minute foul caused the Edsmen to lose the lead and game to the Huskies of Houston Baptist. The Edsmen turned around and spanked St. Thomas 72-56.

hopefully a good report

EAST TEXAS BAPTIST COLLEGE

The Hilltoppers were defeated both times they met ETBC. The Tigers won the conference but had a tough time with SEU 73-68 at Marshall and 58-57 at Austin.

TEXAS WESLEYAN COLLEGE

The Hilltoppers split with the Rams of TWC. In Austin on January 22, the Edsmen won 72-65. But in the return match at Fort Worth, the Rams won 98-88 even though Canfield took scoring honors with 24.

SOUTHWESTERN UNIVERSITY

The Edsmen were again television personalities as they slipped past winless Southwestern 73-72 with six seconds left to play. The KNOWSpinners and KHFBI Batmen provided halftime entertainment in a "silly" game. Canfield sunk a beautiful 20 foot jump shot to bring victory to Joe Beck's team.

The Season final with Texas Lutheran brought the SEU record to 11-10 and fourth place in the BSC. John Walls was named both All-Tournament at Pan American and first team all BSC. It was a fine season for the senior team captain who averaged 18 points per game. Mike Canfield and Mike Otolski were also Big State all-Conference selections.

FINAL RESULTS

St. Edward's University	73	Tarleton State	69
St. Edward's University	45	Tarleton State	48

VARSITY BASEBALL

Anyone out for baseball this year found it a pleasure to forget about Coach Hamilton's weed-pulling contest the first few days. He used to say that it gets the old arm in shape. Now players watch the tractor to get arms ready for the rugged season.

On March 15, Jack Little of the **Austin American-Statesman** featured the Hilltopper nine in his column, "Little by Little." He complimented the St. Edward baseball team for the tough schedule they carry for a team without one scholarship. Coach Hamilton explained that the very reason for the schedule is to attract better players for scholarships. The men who turned-out this season were ready to meet the opponents and every effort was poured forth to prepare for them.

Tim Dunphy, returning all-conference Sophomore, Mike Otolski, Junior also all-conference, along with letterman Tom Cirkal and freshman Mike Seale, bolstered the pitching staff. George Grzegorek, twice selected to the all-conference team took short-stop. Charlie Budde moved to third while Manuel Rosales worked at second. The outfield looked promising

Hamilton Taps Young Talent

as three returning lettermen, Kevin Shevlin, Bob Trevino, and Jim Marik readied themselves for the March fifth opener. Veteran letterman Bob Santos strapped on the "tools of ignorance" once again for the 1966 campaign.

With windsprints, heavy batting, infield practice, and promises, Coach Hamilton carried the Edsmen to San Marcos for the first game.

Big hit

At San Marcos, the Hilltoppers jumped off to a four to one lead but soon fell behind on errors and Bobcat hitting. Gary Fix started and did a fine job but the cold early spring air stiffened his arm and he was relieved by Mike Seale.

In the second game, "cheese and crackers" if we didn't beat cross-town Concordia College. The Hilltoppers rapped out twenty hits as they beat the Stags 22-5.

At Randolph AFB, the Edsmen batted around in the first, pulled a double steal, and committed five errors as they won 15-3.

swing

Meanwhile back at the rockgarden, the Stags got whipped again but Coach almost lost his annual batting day contest. But Jim Marik was at shortstop. But Kevin Shevlin stole every base in the house to win the game 8-5.

Succeeding games saw the Edsmen defeat Southern Illinois University 5-4, Southwestern University 2-1 in extra innings, but lose to nationally ranked Texas A&M University 11-5. The Aggies had to race to catch the Hilltoppers though who led 5-0 until the sixth.

Mike Otolski pitched his heart out but lost to Texas Lutheran in extra innings at Seguin 4-3. The Indiana University games were lopsided as the Hoosiers bombed Tom Cirkal and the Hilltoppers 12-4. In the return game, before Easter break, SEU was defeated 23-10 in a free-for all batting dual.

After Easter the Toppers settled-down to a serious schedule both conference and non.

The conference race was tight with TLC, St. Edward's, and St. Mary's the top contenders.

VARSITY TRACK

If one wishes to set traditions at St. Edward's, he might begin during the track season. Last year the Hilltopper thin-clads captured the Big State Conference title and this year's trackmen hope to repeat the effort under the superb guidance of Coach Ruhi Sarialp.

The season got under way in early February with a light "fortlik" training and serious weight training. Gradually the pace of preparation broke into vigorous sprinting and distance endurance tests. Finally the Edsmen went to their first test at Huston-Tillotson College. The results were not as expected but some of the callow stars made a good showing. Senior Tom Frank of Waco turned in an impressive 2:01 half mile and Sophomore Sabas Zapata raced to a 9.9 100 yard dash finish.

At San Marcos, the Southwest Texas Bobcats finished first overall in the annual Bobcat Relays. Tom Frank, John Waesche

Rich Fairhurst, Dave Noblet, Don Burrell and Danny DeGuire gave their all and Coach Sarialp was very happy with their performance. Tom Frank raced to a 4:32 mile second place finish. He also proved his versatility as he also finished fourth in the 880 and third in the two-mile run. Although the Edsmen placed sixth in total team points, they made a good showing against outstanding competition.

Of course all efforts were directed at the Big State Conference Meet in May, but the Bulldog Relays at Seguin, the Texas Relays in Austin, the meet in Houston with Texas Southern University, and the Sam Houston State meet at Huntsville were also reasons for the Hilltoppers to work so seriously.

Field events for the conference meet should be well represented. Because track scholarships are offered, many students begin working out for conference after Easter. Kevin Shevlin, now participating in varsity baseball and Bob Stockwell, will share high jump chores. Kevin finished second in that event last spring. Kevin also pole vaults. Jeff Burns and Kevin Robertson will be weightmen. Milers Mike Mesch, Tom Frank, and Mike Ryan should be very strong in that event. Tony Saldana will run the hurdles while Danny DeGuire, Dave Noblet, and last year's hundred yard dash champion, Sabas Zapata should make the 100 yard dash a fast race.

The outlook for conference is very promising for Coach Sarialp.

MR. RUHI SARIALP

STRESSES SELF-DISCIPLINE

When Mr. Norris was named Dean of Men, the need for a track coach at St. Edward's became acute. The replacement was Ruhi Sarialp who has been touring and studying American college athletic departments at the invitation of the State department. Ruhi is a close friend of Mr. Frank Medina, University of Texas trainer and Olympic assistant. Mr. Medina became aware of the need at St. Edward's and mentioned to Mr. Hamilton that Mr. Sarialp might be interested in filling the vacancy.

Ruhi loves St. Edward's. He says it was easy to accept the position although he had been offered better positions at Stanford, Berkeley, and the Coast Guard Academy.

Early in October, cross country began. Thirty eager Edsmen came out to run. Workouts were held in Assumption cemetery until Mr. Hamilton explained to Ruhi that this was sacred to the Holy Cross Congregation. Meets were scheduled. The Hilltoppers were callow but willing. Ruhi did a fine job.

Mr. Sarialp was born in Istanbul, Turkey and has lived in the Bosphorus most of his life. He is married and has a three year-old daughter. Prior to coming to St. Ed's Ruhi was director of the Physical Health and Education at the Turkish Merchant Marine Academy. Probably his greatest boast is that he holds the European "hop-step-jump" record set while he prepared for the 1948 and 1952 Olympic games.

Ruhi hopes to return to the Hilltop in the fall but he longs to return to the ancient city he loves so dear. It certainly goes without saying that Mr. Sarialp has made a great contribution to track, cross-country, and the spirit at SEU.

"Tennis. Anyone?" A look at the 1966 SEU Netters would discourage anyone from indulging in competition. This year's squad is playing for its fifth consecutive Big State Conference crown and appears to be one of the top contenders in Texas.

Captain Julio Rojas of Costa Rica is the number one singles man who continues to delight fans with his ability to anticipate his opponent's every move. Werner Braun of Indianapolis, Indiana is the number two singles man. Werner, junior two year letterman, has come through to power the Hilltoppers to decisive victories over the University of Houston, the University of Texas as well as St. Mary's, Texas A&I, Texas Lutheran College, and Texas Wesleyan. Les Marias, also a two-year letterman, has come back to the Hilltop with summer tournament experience. Les also is having a much improved season. The number-four man is Tom Cassidy who has proved himself a positive asset to Brother Emmett's tennis squad. The team is balanced by John Barajas, senior three year letterman, Bob Murphy, freshman, and Dan McCarthy, who bolster the future of tennis at SEU.

VARSAITY

GOLF

The SEU golf team has three proud boasts as they teed-off to open the 1966 golf season at Georgetown on February 28. First of all there are eight men competing for starting positions and seven states are represented. Gordon Butler, senior two-year letterman, hails from Oklahoma City while his team mates Jim Lessner, senior, Bill Van Buskirk, junior, and Owen Revell, senior, are from Dixon, Illinois, London, England, and Austin, Texas respectively. Mike Walsh, sophomore from South Bend, Bob Kirschner from West Lake, Ohio, John Adams from Montclair, New Jersey, and Frank Woodruff from Barre, Vermont back the starting four in an attempt to better last season's 9-4 record. Secondly, they have defeated 7 teams while only losing two matches. Last but not least, they appear to be well on their way with a decisive win over Southwestern University. Other matches include The University of Texas, Trinity University, Concordia College and Texas A&M. The season concludes with the conference match in Fort Worth in early May.

DUKE

CLASSIC

The Duke Classic is an annual bowling tournament played in memory of Father "The Duke" O'Brien, C.S.C. The tourney is sponsored by different campus clubs and organizations. The competition continues for several weeks and the winning team has its name inscribed on the trophy commemorating the great bowling enthusiast.

Kappa Pi Sigma held the envied number one spot before Easter recess, although they were upset by the Illini club. The K of C number one pulled to within one game of the leaders as Mike Orsak led the bowlers with a 570 series. Bill Thurin, Felix Cerna, and Terry Thibeaux had outstanding scores of 524, 534, and 516 respectively.

The ILAC Aquilas took four straight from the KKK which proved to be the biggest upset of the tournament. Mid-Night Auto Supply, Red Barons and Pin Crackers battled it out for high honors but the contest seems to be strong for K of C and Kappi Pi Sigma.

Ever since the "Last Crusade" of 1939 pigskin enthusiasts have found it necessary to release their football energy in non contact competition. John Meagher's undefeated Fighting Saints of 1924 would have been proud of the "Fighting Hilltopper" intramural squads who fought in the spirit of competition and fair play this year.

Charlie Budde showed everyone how to run, pass, kick and score as he tallied more than twice the total points scored by his nearest competitor. The Wildcats went undefeated but the Mets and Horn Hill Raiders gave the Premont gridders a run for their money. Dave Ball coordinated the teams and can assure anyone that intramural football is more than twelve Edsmen chasing a windbag up and down a hundred yard-long field. It's that opportunity to compete, to improve, to win and lose, to let off steam, work as a team.

*WILDCATS WIN TITLE
SECOND CONSECUTIVE YEAR*

HAWKS NEVER DIE...

CHAMPIONSHIP SERIES

INTRA-MURAL BASKETBALL

The intra-mural round ball season was very competitive. Each floor produced a team. Names like the Stokers, the Has Beens, the Aardvarks, the Fanny Hill Phantoms, and BF D's kept the action lively.

But when the season came to a close, four teams were to meet for a play-off. Tom Lombardi of the Hawks kept that quintet rolling all the way to the championship. Jim Schuda also was a star for the frosh winners.

Club went into the finals because of the outstanding ball control and effort of Bob Santos, Sabas Zapata, Enrique Melguizo, and Charlie Borchers.

The Has Beens worked the ball well. Joe Taggart, Tom Cirikal, Joe Sawa, and Tim Feeny teamed together to beat the Phantoms of Doyle Hall in the play off.

The Phantom featured Kevin Shevlin, Mike Mesch, Bob Calsin, Gary Fix, and John Richmond.

When the Has Beens and the Hawks met, the frosh won for the first time in years. A white sheet flew from the Holy Cross porch; "Hawks Never Die."

TRADITION? HELPFUL? HOPEFUL?

It has been said that a "touch" like this... can have a most desirable effect when one is concerned about a quiz or a final. It can't be said for certain but it doesn't hurt.

Try This!

or this!

Student government was not the loudest voice on campus, nor the most eloquent, nor the most intelligent, nor was it literally the voice of the students, but it was heard and heard with respect and interest. SAC made serious studies of many aspects of student life, intellectual, disciplinary, religious; it offered recommendations to the administration. In many ways, it was an improved student voice — but politics is rarely more than politics.

One evening at the Austin Grill, five Edsmen and five University of Texas members of the Alpha Phi Omega Fraternity met with one objective in mind. They wanted to start a service fraternity at Saint Edward's. Joe Kana and Werner Braun did most of the organizing and Larry Meyers, Tony Janca went to the Regional convention held at San Marcos.

OF ALPHA PHI OMEGA

At the first meeting, Werner Braun was elected president, Tony Janca, vice-president, Vince Patranella, treasurer, Walter Ross, recording secretary, John Wright corresponding secretary, Larry Meyers, publicity committee chairman, and Kevin Robertson, club historian.

The first big project was to clean out the shed near the tennis courts, sell its contents, and make a temporary dressing room for visiting tennis and baseball teams. The work was well done by the S.O.S. of APO. The APO is the National Service Fraternity for college men, founded in 1925 and now active on more than 310 campuses.

More than thirty Edsmen are working with SOS this year and the future looks bright for Alpha Phi Omega.

EDSMEN CLUB

A service organization is appealing to men interested in active campus participation until they realize that service means setting-up chairs three times a week, cleaning rafters, giving blood, selling tickets, distributing programs, and all the unattractive labor that can be assigned by the administration, faculty, SAC, and any of the many clubs. And the Edsmen usually receive very little thanks and a great deal of criticism just because a goat was a ram.

President — Gary Gadacz
V. Pres. — Krandall Kraus
Sec. — Don Barnes
Treasurer — John Czekaj
Moderator — Brother Simon Scribner, C.S.C.

PROGRAM

Edsmen Club

University

OPPERS

in College

OGS

TEXAS

8:00 P.M.

Once a year everybody can break the controversial school regulation on beards. After six weeks of nurturing their whiskers, the judges awarded the best groomed, the most unique, and the grossest contestants a five dollar prize. All at the hospitality of Alamo Weekend and the Texas Club. Alamo Weekend festivities included a poker party in the Tombs and a dance at the J. T. Party Barn, a weekend everyone enjoyed.

Jim Frank, president of the Texas Club, has served the campus with a snack bar in the Tombs for snackers, and initiated a (letter writing) program to attract more Texans to the "Friendliest University" in Texas.

TEXAS CLUB

President — Mike Quinn
 Vice Pres. — Dave Haley
 Sec. Treas — Joe Taggart
 Moderator — Brother Cornelius Corcoran, C.S.C.

DELAWARE CLUB

Want to fly home to New York, Delaware, New Jersey, or even California cheap? Join the Delaware Club. Mike Quinn opened the Delaware Club program this year with half-fare rates for all club members at Christmas.

The whole idea of the club is to unite those thirty-nine Delaware boys, all from the same high school back in Delaware. Brother Cornelius Corcoran CSC, was moderator and was given the honor of distributing the plane tickets to the Wilmington crowd.

The Delaware Club hopes to attract more home-starters in the future. A letter-writing program seems to be the popular media . . . or plane riding program.

LOUISIANA CLUB

The Louisiana Club is one of the new additions to the SEU House of Clubs of the Student Activities council. Brother Edward Lee and Sid Hebert worked for weeks to organize a club which would unite the students from the "sportsman's paradise." Gus Caboni, Byron Hingle, and Pete Buchler were also pioneers of the Louisiana Club.

The first project was to co-sponsor the old St. Patrick's Day dance with the Illini club. It was called the "Civil War" dance. Both sides won and everyone enjoyed the evening. A letter-writing project was adopted with the idea of attracting more Cajun people to the Hilltop.

President — Sid Hebert
Vice President — Gus Caboni
Sec. - Treas. — Pete Buchler
Moderator — Brother Edward Lee, C.S.C.

ILLINI CLUB

Last fall the Illini decided that dances had to attract more people if they were to continue to have a place on campus. So the Illini elected to ask a couple of "go-go" girls and a swinging band and make a real night of it. Very well is the way it "a went-went."

The Illini also co-sponsored the Civil War dance. And there's nothing like an initiation for pledges at three o'clock in the morning in Memorial gym. Charlie Budde was president and he can be commended on a job well done.

President — Charles Budde
Vice President — Frank Schmidt
Sec - Treas — Matt Schmitz
Moderator — Father Samuel Pryor, O.P.

ALPHA CHI

Alpha Chi has made it their business to promote high academic achievement for the members. Above and beyond this endeavor, the Tau chapter has tried to extend their academic ideals to the rest of the student body by sponsoring three art films with panel discussions after each. Mike Macaulay, president, chose three; **Orpheus**, **Bicycle Thief**, and **The Magician**. All were well attended and appreciated.

Elisabeth Strom moderated this year's chapter. The final event sponsored by Alpha Chi was the awards banquet for outstanding Edsmen in the academic areas.

President — Mike Macaulay
Vice Pres. — Hatton Sumner
Secretary — Cornelius James
Treasurer — Jon Perkins

COMMERCE FORUM

The membership of the Commerce Forum consists of Business Administration students who carry an accumulative average of 2.6. In order to supplement classroom studies, the Forum invites speakers to lecture on business topics. This year, Mr. John Wolf spoke to the student body concerning banking and trusts. Mr. Wolf is head of the Trust Department of the City National Bank of Austin. The talk was entitled "Banking in General and Trusts in Particular."

The Commerce Forum also plans tours of large Corporations. A trip to New Orleans and Houston this year enabled Edsmen to acquire an idea of business in its practical applications.

PRESS CLUB

President — Larry Gries
Vice Pres. — Carlos Patterson
Secretary — Ralph Radecki
Treasurer — Pat Davis
Moderator — Brother William Denton, C.S.C.

The Press Club is probably the busiest club on campus. The members are anyone involved with publications or communications at SEU. Some of the activities undertaken in 1965-1966 were the University of Texas band concert in February, the annual Hilltop Capers, sponsoring the Sweetheart contest, choosing the Athlete of the Year, and setting up the Publication's Banquet. The five events are enough to keep any hundred students moving all year long. The problem is that there is too much to do all at once for so few people. The solution, keep the lights burning

all night long in the Annex.

Larry Gries, President of the club, is the director of SEU Public Relations which also means that the Press Club is the publicity agent around here. After Easter, the Press Club pitched right in and organized the Capers, set-up the Sweetheart contest, chose the Athlete of the Year, and planned the Publication's Banquet. If you were looking for Larry, Ralph Radecki, Pat Davis, or Carlos Patterson no wonder you had to do it yourself.

President — Enrique Melguizo
V. Pres. — Kit Carson
Sec. — Victor Cavazos
Treas. — William Gilmour

ILAC CLUB

Enrique Melguizo was elected president of the International Latin American Club by virtue of a coup d'etat, something the members felt necessary when their club was at a nadir early last fall. Since that time, the club has bloomed into one of the most active on campus. Their Guatemalan art display contributed greatly to cultural aspects at SEU as did the Latin American fashion show. Their ILAC dance at the Driskill hotel proved that dances can be a grand success and profitable at the same time. In addition the club co-sponsored the Bishop McGrath lecture. In summary, "viva la ILAC."

*KNIGHTS
OF
COLUMBUS*

Last year's council won the Contest of Champions award for outstanding performance in the membership program. Over one hundred new Knights were initiated. The St. Edward's Council is one of the oldest, 1924, and largest, over two-hundred members, councils on college campuses coast to coast. Their work is both extensive and noteworthy. Christian charity is manifested when the K of C sponsor parties for the mentally retarded at Travis State School at Christmas, Halloween, and Easter. The K of C also rendered their services at the San Jose parish project. On campus members help with Spring weekend program, mission collections, and the Duke Bowling Tournament. Bill Thurin, Grand Knight, has set-up joint initiations with St. Mary's University, a program which greatly enhances the relations with the San Antonio University.

KNIGHTS OF COLUMBUS
ST. EDWARD'S COUNCIL 2559

in **THE TOMBS**
 at ST. EDWARD'S UNIVERSITY
 AUSTIN, TEXAS

Sunday December 7, 1965 witnessed the grand opening of the TOMBS in the basement of Holy Cross Hall. Around 150 students turned out for the opening of the favorite night spot and student theatre. The TOMBS was made possible by many hard-working and dedicated individuals but two Edsmen were most responsible. Mark Walter, SAC president worked closely with John McCann, president of the Drama Society to provide a place where students could get together in the evening to drink a cup of coffee or talk. The spot was well chosen and Jim Frank of the Texas Club has worked to his capacity to run the snack bar which fills empty tummies or opens study-exhausted eyes late in the evening.

THE DRAMA SOCIETY

The November 1890 issue of the **Saint Edward's College Echo**, old student newspaper, gives an account of the play which was a great success in its premier at the Capital Theatre. Since those days, the drama at St. Edward's has been an important aspect of student involvement. The organization of drama enthusiasts has been called the Brownson Society, the St. Edward's players, the Abbey Players, the Drama Club, and now under the direction of Mr. Edward Mangum and John McCann, the Drama Society. They produced two plays. The Maxwell Anderson production, **Winterset**, was much enjoyed on campus and it received much recognition in the area newspapers. **The Time of Your Life** by William Saroyan was likewise a success.

President — John McCann
Vice President — Richard Halpin
Secretary — Treasurer — Andre Ting

MISSION CLUB

President — Aubrey Shields
Vice-President — Julian DeLarosa
Treasurer — Dennis Sweeney
Moderator — Brother Thomas Bronchetti, C.S.C.

By the year 1995, the world's population will have reached a peak of four billion people. Almost one-half of the people in the world today are not getting all the food necessary to sustain life in any productive sort of way. Holy Cross missions in Africa, South America, India and Pakistan help but cannot even begin to combat hunger without the backing of Americans. The mission is that attempt by Edsmen to combat hunger all over the world. Dances, collections, popcorn sales, and basketball game concessions are the means they use to support the Holy Cross mission.

HIKING CLUB

Each of the SEU hikers has his own reasons for hiking. Some want to "get away" from the routine of school, some are especially fond of unspoiled land and undomesticated animals, and still others just want to get the exercise. Brother Thomas McCullough keeps a pretty steady gait, and on most hikes the fast and the not-so-fast usually split up before the destination is reached. Sandwiches and spiders were filling, but so was the view. The Austin area affords many an impressive, vista, and the Sunday noon meals that were given up on the all-day hikes weren't regretted, and the salami wasn't really that bad. Brother Thomas gave the hikers a rest every time some beetle caught his eye. (Had he not been doing research on the insects, it is said that the club's membership would have suffered a blow.) When the group returned to campus after their hikes they were exhausted, to be sure. Most showed up for the next hike, though.

President — Andre Guererro
V. Pres — Mike Delaney
Sec. — Treas. — Alejandro Martinez
Moderator — Brother Thomas McCullough,
C.S.C.

SEMPER FIDELIS

Whenever Uncle Sam points his finger and says "I need you," St. Edward's has always complied. Military has been at SEU since the organizing of the Hurth Riflemen in 1886. World War I and World War II as well as the Spanish-American War effected the enrollment at St. Edward's. Today, the United States Marine Corps Semper Fidelis Society has organized at St. Edward's and is composed of candidates for commissioning in the Marine Corps. There are 17 at present, with Leonard Dornak to be commissioned in June. In proportion to the size of the student body, the SEU Semper Fidelis is one of the nation's largest. Farther Welch is the chaplain.

What's News

Business and Finance

TAX INCREASES to combat inflation appeared to be gaining traction with President Johnson, in a recent conferece with Congress. President Johnson emphasized that a decision on an administration request for tax boosts would be made for several weeks. But he seemed to dwell more heavily than he had just a week ago on the factors pushing for higher taxes. If a tax increase is sought, Mr. Johnson said, it would probably be for more than \$3 billion a year, covering both individual and corporate income taxes.

CONSUMER PRICES reported in February to a record 111.6% of the 1957-59 average from January's 111.0%, the sharpest gain for any month since last June, the Labor Department reported. Food prices were responsible for three-fourths of last month's rise, and they probably increased "a little more" this month, a spokesman noted. But he said the Government is holding its forecast that 1968 will climb in consumer prices will exceed only slightly last year's 2% increase.

CONSUMER CREDIT controls on a steady basis will be voted on today by the House Banking Committee. Controls of this kind were first effect during the Korean War. Considerable opposition to their restoration as an anti-inflation device exists among Democrats on the panel. The bill would let the Federal Reserve set minimum requirements for down payments on installment purchases and maximum periods for repayment.

AMERICAN TELEPHONE incurred a \$250 million loss on interest cost in selling \$200 million of 20-year 5½% debentures. This was the highest rate for an AT&T issue in more than six years. It was the largest corporate debt issue offered at competitive bidding since May 1, 1962, when AT&T marketed \$200 million of 20-year debentures at an 4.37 1/2% rate.

POLITICAL UNREST has caused at least a temporary delay in a trip to that country by two of President Johnson's aides, Robert C. Hoover and Fred Stearns. Mr. Hoover, who has a scheduled Monday night departure for Hanoi, was threatened "very strong measures" if necessary to curb recent in-

World-Wide

Russia Urged Better U.S. Relations and a

U.S. INFLUENCE with Peking to help the effort. In a broader speech to the Soviet Congress, Premier Brezhnev said Russia wants to improve relations with the U.S. but he set conditions both have rejected. He said the Moscow-Peking split could be reversed if Red China conducted the dispute with Russia, China, which is boycotting the congress, has said it had nothing in common with present Soviet leadership that could be discussed. Brezhnev said U.S. relations could be improved if the U.S. abandoned the "Yankee way."

BRITAIN'S SPEECH was restricted in that the British chamber only "did not utter one derogatory of a Soviet party congress."

ON THE DOMESTIC FRONT, Brezhnev promised the Soviet people that the work week would be cut to five days from six but would remain at 41 hours. In outlining a five-year plan, he pledged that the government would abolish the graduated income tax, now reaching 25% maximum, and would be applied to all. He also said the same of the all-powerful party premium has been abolished. Positions—the same used in Stalin's time.

FYER ABNEY DIVISIONS in the U.S. lack full control real estate, the Postings said. The two armored and two infantry divisions, normally kept as a combat-ready force, are being held in readiness because they have been training recruits and draftees, a Postings spokesman said. These are the only regular divisions in the U.S. that don't have units in Vietnam or elsewhere abroad. The spokesman said the divisions were given the training assignment last year following a decision not to call National Guardsmen and reserves to active duty. He said the divisions would be returned gradually to full readiness.

IF USED the first official disclosure that say Army chief of staff in the U.S. is now fully combat-ready.

A DRIFT out of 14,000 men to May, the highest monthly quota since January, was issued by the Defense Department. All the May intakes will be for the Army. The April draft, also for the Army, totaled 23,000. The intakes still remained previously expressed hopes that reduction of military spending should be avoided.

POLITICAL UNREST has caused at least a temporary delay in a trip to that country by two of President Johnson's aides, Robert C. Hoover and Fred Stearns. Mr. Hoover, who has a scheduled Monday night departure for Hanoi, was threatened "very strong measures" if necessary to curb recent in-

Consumer Prices Up

CONSUMER PRICES rose in February to a record 111.6% of the 1957-59 average from 111.0% in January. Most of the increase was caused by higher food prices, the Labor Department reports. (See story on page 2.)

A New Row to Hoe: More Executives Turn To Gardening to Relax

THEY GO ALL OUT, SPEND A LOT, MAKE SOME BREAKTHROUGHS; ARE THEY A LITTLE SERIOUS?

By STEVEN M. LEVITSKY
... of the Wall Street Journal.
... CHICAGO — It's spring, and Bruce Kravberg is heading to 434E.

MAYBE so, but if that's the case more and more executives are getting "a little serious" for home gardening is making inroads on golf and fishing as a way to get away from it all. "When I garden, the whole world disappears," says Joseph M. Cahill, vice president of American Industries, Inc. here. "I'm completely relaxed, will perfect peace of mind."

PLANNING THE Little Women.

BUSINESS transportation executives to executives here. Gardening arose in the first to more creative than "the little" hobbies, they assert, and it lets them spend more time with the family. His youngest child could "I'm a vegetable from a week of age now," boasts Mr. Cahill. Mr. Kravberg adds: "My wife is happy about it. It keeps me around the house and around the kids."

IF Mrs. Kravberg is happy, though, it's not

Tax Report

A Special Summary and Forecast of Federal and State Tax Developments

GRADUATED WITHDRAWING of Federal income taxes will start this month. At least four states, including Utah, New Mexico, Oklahoma and Colorado, have a percentage of state taxable income on a percentage of the Federal rate. The states intend to keep those percentages intact after the Federal withdrawing system has begun from a flat 14% to a six-month schedule ranging upward to 30%.

Oklahoma, which withdrew from an employer's paycheck 2% of the Federal liability, expects this year's faster Federal withdrawal to provide a mild windfall for the state's retiring budget, says Robert Wilson, director of the income-tax division in Utah, which will continue to withhold 4% of the Federal rate of the income-tax division. In Utah, which has the state last year enacted several tax cuts, including higher income tax rates that have brought a public outcry. "No doubt we'll get more complaints now," says Paul Keeler, a Utah tax commissioner.

But as greater withholding comes now returns, it may lead to a state's administrative costs up. **West Mexico** expects that following the Federal withdrawal will raise its returns by 2% to 3%.

"MOONLIGHTING" didn't give rise to the bad business outlook.

The taxpayer had a full-time job with the local school board and a part-time job with the post office. In addition, he worked as a licensed real estate broker, general investment and consultant. In filing his returns for 1967 and 1968 he claimed business deductions for part of the cost of maintaining his house and car, contending he used both in one of his outside work.

THE TAX COURT, backing the Revenue Service, ruled the expenses were nondeductible personal outlays. The court noted that in the two years he had only one house, that his full compensation as an investigator was free of other taxes and that a government didn't charge for his tax advice. The activities weren't an active enough to constitute a business, the court concluded.

EMPLOYER ALLOWANCES for "incident al" moving costs would be taxed under the new Internal Revenue Service. In ruling against the courts, require employers to report as taxable income reimbursements they give from employees for such "incident" moving costs as expenses for house-hunting trips.

THE SERVICE says that only reimbursement for "direct" moving costs, such as shipping household furniture, should be excluded from individual tax.

Rep. John Stennis, senior Republican on the

Pricing Fury

Consumers Boil About Widespread Increases; Many Attempt a Revolt

Grocery Supervisor Shops At a Competing Market; Pinch on a Shoe Shine Man

Movies, Insurance, Tortillas

... a Wall Street Journal. News Release.

"When I look at the store in the morning and I see that milk-and-eggs items are priced and sold at such a price, it's almost as if I'm spending money that way. You might as well serve toilet-paper bills for breakfast."

This explosion from Mrs. Lester Terrence, wife of an Air Force sergeant in San Antonio, will fuel some of the mood of a budding consumer rebellion. Across the country, a Wall Street Journal survey finds, consumers are upset about recent price increases, not only on buses and other fares, but on goods and services ranging from lipstick re- fills to baby-sitting charges. A growing number, too, are trying to take action—either by shopping around for the cheapest items they can find, or by simply refusing to buy things going up in price.

Yesterday the Government reported that consumer prices in February jumped an unusually sharp 1.4 percentage point. In a recent 11.6% of the 1957-59 average (see story on page 2). But consumers hardly need Federal statistics to feel that their prices are going up. They have experienced each with one application of increases on all levels of things.

They Over Most Prices

Price hikes on meat, and especially bacon, are particularly true. In a bakery supermarket in San Francisco, Mrs. Margaret Williams gave a finger at a 10.9-cent pound package of Oscar Mayer bacon and declared: "That's ridiculous for something that costs half as much anywhere. And that stuff isn't even better 'till you get it." Mrs. Williams and her husband, John, bought 100¢ of meat at a store that I thought 80¢ or 85¢ cents was equivalent for a pound of bacon.

"Road didn't add to 80 cents a pound of meat, and it's equivalent," rages Walker Krentler, a 72-year-old specialist. "I'm a doctor in an office. That's the stuff they used to throw out as extra. I used to feed it to my dog but he can't eat it. It's not going to, either."

Intransigent on other fronts, from the most common to the most specialized, also are ailing. In Park Forest, Ill., Mrs. Tom Duggan, 67, complains that "rice has been 20¢ or 25¢ a pound and I swear it was about the size of a golf ball." Mrs. Duggan was 20 cents a dozen last Saturday and I can remember when they were 40¢, and "water was 12¢ a case and milk two weeks ago and it was real dear

KAPPA PI SIGMA

Kappa Pi Sigma was established for the purpose of promoting standards of high scholarship in the field of commerce. In addition, the fraternity has brought speakers to inform the student body of business in America. The fraternity co-sponsored John Wolf, banker, who spoke to the student body on banking and investments.

President — Jim Lesser
V. President — Tom Uko
Sec. Treasurer — Harry Stratton

"E" CLUB

For those who proudly display the "E" signifying the accomplishment of athletic achievement, there is the Letterman's Club. John Walls, president, organized the lettermen in September and jointly initiated the newcomers into the club with the Edsmen club. The initiation was something. Pledges had to wear feed sacks and do crazy things down at Barton Springs. But they were glad to wear the "E" and be new club members.

It has been a custom to play a University of Texas sorority in basketball. The Edsmen wear boxing gloves and almost win ... but that only counts in horse shoes ... the girls from Alpha Chi Omega at U.T. won the contest.

President — John Walls
V. President — George Grzegorek
Sec. Treas. — Ted Moscheau

SAINT EDWARD'S UNIVERSITY SWEETHEART CANDIDATES

Every year as Spring Weekend festivities draw near, clubs begin to select candidates to represent their organization for the SEU Sweetheart contest. Rules are sent to clubs along with application blanks. The young ladies come from all over the United States to be a part of the exciting Spring Weekend. This year twelve club Sweethearts were nominated for the SEU Sweetheart named at the Spring Formal held in the Hotel Stephen F. Austin.

**Confraternity of
CHRISTIAN DOCTRINE SWEETHEART**

Andrea Valle was escorted by Larry Meyers to the Spring Formal as the CCD nominee for 1966 SEU Sweetheart. Andrea is a sophomore at Dominican College, Houston and is a nursing major. Miss Valle hails from Rio Grande City, Texas. Her parents, Colonel and Mrs. C. C. Valle, reside in Rio Grande City.

"E" CLUB SWEETHEART

University of Texas coed Paula Colletti was escorted by Ted Moscheau as the "E" Club nominee for SEU Sweetheart. Paula is majoring in English at U.T. and lives in Port Arthur, Texas. Her parents, Doctor and Mrs. Paul Colletti, reside in Port Arthur.

ILLINI CLUB SWEETHEART

Pat Merlo of Austin was the Illini Club candidate for SEU Sweetheart 1966. Pat, escorted by John Joy, is a student at St. Mary's Academy, Austin. She hopes to study child psychology at the University of Texas in the fall. Her parents, Mr. and Mrs. James Merlo, live in Austin.

MISSION CLUB SWEETHEART

Leonard Dornak escorted Miss Janet Shultz of Houston, Texas to the Spring Formal. She was the Mission Club's selection for SEU Sweetheart. Janet graduated from El Campo High School and has been employed by Dinwiddie Distributing Service since. Her parents are Mr. and Mrs. Roy Shultz of Houston.

DELAWARE CLUB SWEETHEART

The Delaware Club has nominated Miss Kathy Tweedle of Our Lady of the Lake College to represent their club as candidate for SEU Sweetheart. Kathy is studying sociology at Our Lady of the Lake. Parents of Kathy are Mr. and Mrs. Charles Tweedle of Groves, Texas. Carl Daniels was her escort.

SEMPER FIDELIS SOCIETY SWEETHEART

Miss Mary Jeanne Sowada was selected by members of the Semper Fidelis Society in their first year of existence at St. Edward's. Mary Jeanne is a math major at Our Lady of the Lake College, San Antonio and is the daughter of Mr. and Mrs. Eugene D. Sowada of Corpus Christi, Texas. Her escort to the Spring Formal was Kevin Robertson.

LOUISIANA CLUB SWEETHEART

Deborah Ann Tribou has been selected as the Louisiana Club Sweetheart to run for the SEU Sweetheart 1966. Deborah is presently studying speech therapy at St. Mary's Dominican College in New Orleans. Deborah Ann is the daughter of Mr. and Mrs. Tillman R. Tribou, New Orleans and was escorted to the Spring Formal by Peter Buchler.

AUSTIN CLUB SWEETHEART

The Austin Club selected Miss Cheryl Ann Burr as nominee for SEU Sweetheart. Cheryl is a coed at the University of Texas and is majoring in Math. She is the daughter of Mr. and Mrs. Merle L. Burr of San Antonio. Tom Martin was her escort.

EDSMEN CLUB SWEETHEART

Dave Hardin escorted Miss Anne Bonomo to the Spring Formal. Anne is a Senior at Our Lady of the Lake College and is studying biology. The Sweetheart's parents are Mr. and Mrs. John Bonomo of Grants, New Mexico.

KNIGHTS OF COLUMBUS SWEETHEART

Kathleen Mary Kelly has been chosen as the Knights of Columbus candidate for 1966 SEU Sweetheart. Bill Thurin escorted Miss Kelly who plans to study at Louisiana State University in the fall. She has been studying education at Glendale College, Glendale, California. She is the daughter of Mr. and Mrs. Norman J. Kelly of Glendale, California.

COMMERCE FORUM SWEETHEART

Mary McEwan of Houston, Texas was selected by the Commerce Forum as candidate for the 1966 SEU Sweetheart. Mary graduated from St. Agnes Academy in Houston and is presently employed by Texaco in Houston. Don Hesler escorted Miss McEwan. Her parents are Mr. and Mrs. Paul McEwan of Houston.

TEXAS CLUB SWEETHEART

The Texas Club nominee for SEU Sweetheart came from the University of South Carolina and was escorted by Jim Frank. Miss Clair Burke is a History major and plans to teach after graduation. Her parents, Mr. and Mrs. Patrick J. Burke, live in Myrtle Beach, South Carolina.

Scholasticate

Portions of the present Vincent Hall Scholasticate were dormitories on campus before they were moved and remodeled in their present location. A few old wooden military buildings were purchased by St. Edward's when the Brothers took over the university in 1946. The old buildings were used as dorms, classrooms, or kitchens. Vincent Hall was eventually constructed out of these old buildings.

In 1951, construction of the scholasticate began. The old annex and the old Andre Hall were moved from the area of the old tennis courts. In following years, additions were made to these two so as to make the scholasticate more comfortable.

Vincent Hall

In 1946, distinction between the society of the Fathers of Holy Cross and the Brothers of Holy Cross was made. The Decree said that the two, would have separate provincials and locals. Since that time, St. Edward's has been building its scholasticate at Vincent Hall to prepare Brothers to conduct their 84 schools in nine countries. This year there were over 100 brothers studying at Vincent Hall.

Not all Brothers are at Vincent to pursue professional studies. Some learn a special skill. The spiritual life is blended into the scholasticate program. Upon graduation, scholasticates are assigned by the provincial to teach or work in various province schools or missions.

It has been said that the best way of getting something done is together. That's the way things are done at Vincent Hall. This year some one-hundred scholastics from over twenty different states worked together, prayed together, ate together, played together, and went to classes together. At Vincent the Brothers share everything. The piperack, their jokes, their prayers. They enjoy their spare moments talking or reading the HILLTOPPER.

Their schedules are full with a pre-sunrise awakening, chapel and breakfast. Then it's off to class. If the time permits a Brother slips into the library and glances at the many periodicals and newspapers in the reading room. The afternoon usually is that opportunity to get some Texas sunshine. The hand ball courts are popular.

This Thanksgiving, the Brothers had the annual "Rock Bowl" game behind V.H. The band provided half-time entertainment

and everyone enjoyed the "Turkey Day" festivities.

Christmas was another lively time at Vincent. While all the other students had gone home, the student Brothers had received gift packages from home and were celebrating the season together in prayer and song.

When Easter came around, the superior general paid Vincent Hall a visit. The Superior general filled the scholastics in on ecumenical happenings. His visit was warmly received by the Brothers. Easter is the time to catch up on house repairs, spring cleaning, or catching a few rays.

At the May 28 graduation ceremonies, some twenty Brothers will graduate and leave their scholastic brothers. They will leave St. Edward's to begin their apostolate as a Brother of Holy Cross.

After the tests and lectures and a half-week college wondering, the strangers are welcomed with shoe shining, "E" re-modeling, beanie wearing, senior forgetting, alma mater singing, and sophomore fighting before they are officially orientated and learn about the upperclassmen's game of freshman ignoring.

FRESHMAN

WEEK

There are all kinds of ways to get around while at St. Ed's. This year most of the Edsmen walked. When you have to put yourself through school, you can't afford a new car. So some ride bicycles. Then some ride Hondas or Harleys. But there are some 100 who can afford a Ford or GTO or some car. Most go until someone sets yours aflame. But since the air rates dropped in half, Edsmen fly home or to Mexico. But Edsmen always find places to ride. They ride bikes, cars, cycles, to go places like . . .

UPRA-VITE
FOOD SUPPLEMENT

SCHNABEL AGENCY
TYLE
BEAUTY SALON

...in Austin , Texas

When Father Serin acquired the land for St. Edward's in 1872 from Mrs. Mary Doyle, Austin was a tiny river town of a little over two thousand inhabitants. But since the time when Mr. James Doyle was the head foreman for the building of the Texas capitol, Austin and St. Edward's have expanded a thousandfold. Austin is the Rome of Texas because of its many hills and educational institutions. The students enjoy the academic as well as the social atmosphere. Shakey's was a great attraction in 1965-66 as was Barton Springs.

Edsmen enjoyed the Round-up weekend, the nationally famous entertainers, Bob Dylan, Johnny Mathis, the Texas rodeos, the political figures, and the scenic Colorado valley. It was a memorable year for St. Edward's in the beautiful Texas capital city, Austin.

For those unable to make it through the year financially, there are on-campus jobs. They don't pay very much—but one can take his pick of many kinds of employment. Some students ride lawnmowers, wash dishes or run gestetner machines. Friday night employment was available for people who enjoy stuffing HILLTOPPERS. At least they did until the circulation of the paper was cut in half for some reason or another.

Mr. Mallory always needs help in the cafe washing dishes, changing milk containers or serving Saga food. Brother Stephen Carter welcomes student employees to help transplant trees, cactus or buildings on campus. At any rate, if one needed extra cash or exercise, St. Edward's student employment was the place to go in 1965-1966.

FROM THE AUTHOR

In the time of your life, live—so that in that good time there shall be no ugliness or death for yourself or for any life your life touches. Seek goodness everywhere, and when it is found, bring it out of its hiding place and let it be free and unashamed. Place in matter and in flesh the least of the values, for these are the things that hold death and must pass away... Remember that every man is a variation of yourself. No man's guilt is not yours, nor is any man's innocence a thing apart... In the time of your life, live—so that in that wondrous time you shall not add to the misery and sorrow of the world, but shall smile to the infinite delight and mystery of it.

The Time

WHO'S WHO

Recognition by WHO'S WHO AMONG STUDENTS IN AMERICAN COLLEGES AND UNIVERSITIES means that the student was first officially recommended by St. Edward's then accepted by the organization. Methods and committee members consider student scholarship, leadership, extra-curricular activities, and general citizenship.

Mark Walter, senior biology major from Evansville, Indiana, and Student Body President, was Hilltopper editor his junior year and treasurer of the sophomore class. A past president of the Press Club, he is a member of the Knights of Columbus and CCD. He will do graduate work in genetics.

Weldon Mikulik, of Texas City, Texas is a senior social science major, parliamentarian in the House of Clubs, junior class secretary, a worker in the Mexico Project, a member of Alpha Chi, a CCD teacher, and a member of the Texas Club. Weldon also plans to attend graduate school.

Rene Greenwald, of Albany, New York is a senior humanities major, Vice President of Student Activities. Rene is past president of both ILAC and CCD, a vice president of TSEA and a member of Mission Club. Rene plans to do social work in Latin America.

Daniel Riordan, of Waukesha, Wisconsin is a senior English major, senior class president a former Hilltopper editor, editor of Writing 4 and SAC Academic Committee chairman. Dan was a member of the Press Club, Alpha Chi, the Drama Society and served on the Social Order Council. He plans to do graduate work in Edinberg, Scotland.

Larry Gries, of Evansville, Indiana, is a senior English major and Director of SEU Public Relations. For two years, Larry was Press Club secretary and was this year's president as well as a Hilltopper staff member. Larry plans to teach when he graduates.

John Barajas, senior social science major and Vice President of Student Welfare, serves on the SAC Religious Committee. A Senator of his sophomore class, he has participated in the Mexico Project, varsity tennis, the Knights of Columbus and the 'E' Club. John hopes to study law at Georgetown University School of Law.

Kevin Robertson is a junior pre-law major from Houston, Texas. Kevin is a member of the United States Marine Corps Platoon Leader's Class. Editor of the *Tower*, a member of the Semper Fidelis Society, Alpha Phi Omega historian, Varsity Cross Country, Varsity Baseball and "E" Club. Kevin hopes to study law upon graduation.

Richard McIntyre of Danville, Illinois, is a junior English major. Dick is photography editor of the yearbook, a member of Alpha Chi, the Dean's List, and press club. Dick also participates in intramural football.

Bill Thurin is a senior math major. Bill is the Grand Knight of the Knights of Columbus, head of the photography department. He is a member of the press club, Alpha Chi, the Dean's List, and Academy of Science. Bill has received an assistantship to graduate school at Louisiana State University.

Hatton Sumner of West, Texas, is a senior biology major, Alpha Chi vice-president and former treasurer, on the editorial staff of Writing 4, as well as a member of the Student Faculty Administration Board. Hatton also attended the summer program at Oak Ridge Institute of Nuclear Studies. Hatton will study medicine at Columbia University.

William Roberts, of Midland, Texas, is a senior physics major, editor-in-chief of the Hilltopper, a member of the Press Club and Alpha Chi. Bill was copy editor of the HILLTOPPER for two years, SAC Senate Parliamentarian and the student trainee at the Oak Ridge Institute of Nuclear Studies. Bill received a graduate study fellowship to the University of Texas.

Krandall Kraus of Benecia, California, is a senior English major. Krandall has been Hilltopper news editor, feature editor, and managing editor as well as vice president of the Press Club and Edsmen Club. Krandall was a contributor to both Writing 2 and Writing 3. Krandall was an active member of the Drama Society. He plans to do graduate work at Notre Dame and write independently.

Valedictorian 1966

Dan Riordan is a graduate of the Department of Humanities at St. Edward's University. His major is English. A member of Alpha Chi, he has accumulated a 3.92 average while at St. Edward's. Dan is a native of Waukesha, Wisconsin. Academically and extra-curricularly, Dan has contributed much to a more vigorous scholastic atmosphere at SEU in the last four years. Dan has edited the paper, the literary magazine and has arranged book panels and film festivals connected with Alpha Chi.

Dan's scholastic efforts have rewarded him many fold. He has been accepted to study at the University of Edinberg, Scotland and the University of North Carolina. Certainly Dan's future is bright.

Man of the Year

There are many outstanding Edsmen. There are those who come to St. Edward's and sweat that SEU may be a greater community. One of those many is Rene Greenwald of Albany, New York. Rene was active just about everywhere on campus. Whether there was rain or sun. Rene always wore a smile. Rene was counselor on the third floor of Holy Cross as well as Vice-President of Student Activities. Rene was a CCD worker, a member of the Knights of Columbus, a Mexico project pioneer, a past president of the ICAC Club and an organizer of the St. Edwards APO Fraternity. Rene, a humanities major, plans to study university management at New York University after graduation.

Mortimer J. Adler

"The Meaning of a Liberal Education," was the topic of the address by Doctor Mortimer J. Adler on April 27, 1966. A man who needs no introduction Mr. Adler's works include "Great Ideas From the Great Books," and the compilation of the Syntopicon of the Great Book Series. Mr. Adler's newspaper column is widely syndicated and his lecture tours bring him all over the world.

The distinguished middle-aged speaker pointed out that there was a distinction between schooling and education. He said that schooling is merely preparation for education. Education is the application of the student skills learned in school to a perfection of one's life.

Madelyn Murray O'Hare

Madelyn Murray O'Hare also addressed the campus, but her topic was concerned with church-state relations, something in which she is well versed. Mrs. O'Hare holds a law degree, and became the controversial figure whose case before the Supreme Court resulted in the banning of prayer in the public schools.

The controversial speaker kept the listeners on the edge of their chairs with her shocking remarks. She spoke boldly and without reservation on her attitude toward Church-owned and operated lands. It is her belief that all land should be taxed and she said she will see that it is if it means taking it to the Supreme Court. The hearings begin May 15 of this year.

A follow-up panel was held the following week and implications of Mrs. O'Hare's address were discussed.

Younger Than

Springtime

The formal at the Austin Hotel was probably the most successful of the year. Ty Jeffrey provided sweet sounds to dream by. Rene Greenwald was named "Man of the Year" much to his astonishment. Miss Debby Tribou of New Orleans was announced Miss SEU Sweetheart 1966 and crowned by last year's sweetheart, Miss Sandra Leary of Boston, Massachusetts.

Sunday closed the weekend with mass at the grotto and a picnic lunch in front of the cafe. Most of the couples went for a stroll, canoeing, or to the folk fest on the annex porch. The week-end was certainly one to remember and one to enjoy before exams. It will be difficult to forget spring 1966.

*Eighty-First
Commencement*

There is so little time...

This one day is a straight, cold line of division between college and the middle class or the service or maybe more schooling. The day has already dimmed all the familiar faces and things with memory, and it all gets complicated with families and handshaking and a long sermon at Mass and a long series of speeches at commencement. There will be a party or several parties where even the drinks taste forced and uncomfortable. The day just seems sad and stupid and unimportant because of the four years it tries to re-make, and all the ceremony seems hardly worth the price of the tassel.

THE PRESIDENT

BROTHER RAYMOND FLECK, C.S.C., Ph.D.

If anyone were ever to calculate how long the president of a university spends on the phone, he could get a fair insight into how busy the man can get. Brother Raymond usually arrives at the main building office at eight o'clock. The phone rings. The call is from a contractor who wants to set-up a meeting to discuss the master plan for St. Edward's. This conversation covers no longer than seven minutes. Brother goes back to paper work left at five the previous day. Then there's a call from the University of Texas inviting Brother to speak at an academic life meeting. Naturally one has to know where to be and when. This takes ten or so minutes. Or perhaps the Boy Scout master would like Brother's ideas for the upcoming B.S.A. convention to be held at SEU. Students should come to the office but they call too. Total them up. Brother Raymond makes or receives about 35 calls daily averaging five minutes each. That means the phone consumes nearly forty-percent of his work day. The President is a very busy man at St. Edward's University.

St. Edward's University

AUSTIN, TEXAS 78704

CONDUCTED BY THE BROTHERS OF HOLY CROSS

May 1966

Dear Graduate of 1966:

Your college years have been years characterized by a world-wide awakening to the implications of freedom. "Freedom now!" has been the battle cry; freedom songs have marked the cadence of freedom marches. In the sessions of Vatican II, "Religious Liberty" was the focal point of debate and action.

In this era of concern for freedom, liberal education can well be considered as education for freedom. Liberal education frees the mind from ignorance and prejudice, it frees the creative potential of the person so educated, it addresses itself to 'the truth that makes us free.'

From time to time in years to come, you will open the pages of this Letter. In those years, your life will be the proof of whether or not yours was the liberal education to which St. Edward's University has long been committed.

Brother Raymond Fleck, csc.

Brother Raymond Fleck, C.S.C, Ph.D., has completed his ninth year as President of St. Edward's University. His accomplishments are many. Brother will be the first President of the co-institution, St. Edward's University and Maryhill College next fall. This academic year Brother Raymond was busy planning, being chairman of the board of trustees of the Texas Educational Microwave Project, meeting with contractors, speaking, writing, listening. This year Brother was presented a "Centennial" Award from his alma mater, the University of Notre Dame, for outstanding work in the field of science. Brother received his doctorate in chemistry in 1954 from Notre Dame.

Big State Conference Champions

When the AUSTIN-AMERICAN-STATESMAN called Coach Tom Hamilton in early March to get a rundown on the Hilltoppers for the 1966 season, he told the interviewers that he did not expect a very successful year. The reason was that he had told them the year before that he was strong and did not fare so well. But the 1966 season was very successful because the Hilltoppers not only won the Big State Conference but also defeated Lone Star Conference champion Sam Houston State College and won birth in the NAIA regional tournament.

The Edsmen picked up strongly after Easter recess and won 14 of their last 18 games. They defeated Texas Lutheran 3-0, Trinity University 5-3 to snap the Tigers 12 game winning string, St. Thomas 3-1, St. Mary's University 6-1, East Texas Baptist 6-2. No one could touch the pitching of big Mike Otolski, Gary Fix and Mike Seale. Charlie Budde, Mike Otolski, Bob Trevino, Bob Santos, and Jim Marik provided the big bats in the outstanding 17-12 season.

After the SEU nine won the conference with a 6-2 record with losses only to Texas Lutheran, 4-3, and St. Mary's 2-1, the Hilltoppers met the Bearkats of Sam Houston State who had defeated 16 ball clubs. Mike Otolski pitched a strong nine innings limiting the SHS to three hits, as SEU won the opener of a best of three series, 7-2. When the two teams met the next day in Austin at Disch field, the Bearkats flexed their muscles and knocked three Hilltopper pitchers from the mound as they beat SEU 11-5. But 300 SEU fans viewed one of the finest games of the year when the Hilltoppers came from behind three times and won on Jim Marik's ninth inning double 4-3. St. Ed's went to Sherman to the regional tournament and beat Oklahoma Baptist 2-0 as Mike Otolski won his tenth game. But Tarleton State eliminated the Edsmen by stopping SEU twice 6-5 and 4-3.

Athlete of the Year

John Walls, senior education major from Houston, Texas was selected Athlete of the Year. John was captain of the basketball team and a four year letterman. John was first team all big state conference and was selected to Catholic All America by "The Tablet," national Catholic weekly newspaper. John was the team's leading scorer with 18.8 average and leading rebounder with a 10.5 average.

SPRING IS SPRUNG

The Texas skies parted long enough to let through the beautiful sun and gave their blessings to the spring week-end festivities at SEU. A fireworks display christened the events for Friday evening. The Currents provided dining hall music and the Whigs played at the parking lot dance entitled "bring your own blanket." Girls were here from all over.

Saturday, the day began with the introduction of the Sweetheart candidates. The tandem bicycle race began shortly thereafter and the shaving cream, water and rubber began to fly. Semper Fidelis led all the way until CCD got a second wind and pulled into the lead they never relinquished. Bill Roberts presented the winning trophy to CCD and Semper Fidelis for a well fought race.

After the race, everyone went to the ball game to see a double header. The Hilltoppers lost the first contest to Sam Houston State 11-5 but won the night cap 4-3 on Jim Marik's ninth inning hit, thus winning the Texas district NAIA championship. When the sun set, everyone donned their formals and went to enjoy "Younger than Springtime" at the Stephen F. Austin Hotel.

FAREWELL MESSAGE OF RUHI SARIALP TO THE UNIVERSITY COMMUNITY

In 1963 I had a chance to visit twenty-six universities, colleges, and merchant marine academies in the United States. My experience and observations have led me to the decision that, very frankly speaking, St. Edward's University is one of the best universities in the United States.

The high caliber of the teaching staff and the students represent a typical feature of the American educational system. My close observations at St. Edward's University during the past nine months have brought me to the conclusion that undoubtedly, the graduates of this University will succeed in the long-standing struggles of life and make good citizens of their country.

I admire the discipline, which is one of the cobble stones of the path to learning. To me, method means discipline. Methods of learning - basic principles of human behavior - have roots in discipline. AND ST. EDWARD'S HAS THAT!

If any member of this wonderful home of education comes to Istanbul, he should not hesitate a minute to look up his former teacher and coach Ruhi Sarialp!

My only advice to future graduates is to give more importance to learning about other countries and especially to broaden their knowledge about their allies. General knowledge is one of the major aspects of a liberal education that the youth of today needs. With all the new and fast means of transportation, the world has become a single, unified continent. If we learn more about each other and establish people-to-people relationships, I think we can expect a happier world which every human being deserves.

I wish to thank all my colleagues and young friends of St. Edward's University who made me feel completely at home during these nine months. I will never forget you and always remember you with happy memories. GOD BLESS YOU.

Ruhi Sarialp

Director of Physical Education and
Merchant Marine Academy Athletics
Yukse Denizcilik Okulu
Ortakoy-Istanbul-Turkey

The 1966 TOWER was an attempt to present the academic year, 1965-1966, at St. Edward's. Our primary hopes were that there would be complete and fair coverage. Sometimes this is not possible because of complications or hindrances beyond the control of the immediate staff. It is our firm belief that our endeavor was a success and to this success we attribute steady hard work on the part of many who contributed their talents so that this edition of the TOWER would be the best possible.

Special mention should be made for two dedicated photographers who made the photography in the TOWER the best ever. Major Victor Teth, United States Army Retired, was the chief contributor while studying at St. Edward's this year. Richard McIntyre worked endlessly to cover events so that they might appear in the TOWER. Their work was greatly appreciated and welcomed.

Special gratitude should be given Brother William Denton, C.S.C., who worked closely with the staff. Final thanks go to Mr. John Sandidge, area representative of our publisher, Henington Yearbook Publishers of Wolfe City, Texas. Mr. Ken Austin looked coast to coast to find the copper metallay for the cover and their understanding and cooperation with the staff made our efforts ever so much lighter.

The Editor
